22 June 2021

Dear Parents,

At Roodebeek we believe in giving back to our community when we can.

This said our leaders for 2021 are launching an I-Care project where we want to salute and give back to our healthcare workers who risk their lives everyday to save ours.

Along with a video in which learners give personal messages of thanks to healthcare workers we are making a banner with the fingerprint of each Roodie learner in paint, that will be sent to the healthcare workers to show that we appreciate them. All Covid-19 safety protocols will be followed at all times.

Our leaders would like to staple a special message from the learners and the community onto a Bar-One chocolate to give to every healthcare worker at our neighbouring institutions. We therefore ask that each learner donate a standard size Bar-One chocolate to school before Friday 2 July.

We are counting on your support to show our frontline workers how much their daily sacrifices mean to us as a school and as a community.

Regards,

**MRS. M. VISSER**  
**PRINCIPAL**
